

CRUDELIA

COD: 00 1640

Design: Arch. Federica Fulici

Versione con doghe in legno duro esotico

Panchina con braccioli dalla struttura portante in tubolare di acciaio non legato Ø40 mm, spessore 2.5 mm, opportunamente curvato e saldato per ottenere una struttura rigida ed indeformabile. Seduta e schienale in legno duro esotico, con doghe a sezione 35x55 mm, sagomate alle estremità per meglio integrarsi al particolare design della struttura. Bloccano le doghe alla struttura 6 viti autofilettanti per listello.

Dimensioni d'ingombro: 1865x800x785h mm.

Peso indicativo: 42 Kg.

Bench with armrests made of a supporting framework in non alloyed steel piping Ø40 mm, 2.5 mm thick, appropriately curved and welded in such a way as to obtain a solid and non-deformable structure.

Seat and back are in exotic hard wood staves measuring mm. 35x55, and shaped to better fit into the particular structural design.

The staves, 1790 mm. long, are impregnated with a mordant and later painted with two coats of UV protective coats. They are fastened to the structure by means of 6 self-threading wood strip screws.

Overall dimensions: 1865x800x785h mm.

Indicative weight: 42 Kg
